Bross queried the status of efforts to determine the source of [redacted] U235. The status remains cloudy. JAEIC and ONE remain engaged with the problem.

DCI asked DDP to background him after the meeting on the story of [redacted] in the light of current publicity.

DCI directed that we remain on top of the problem of accommodating third country nationals in SVN. He asked DDP to request Colby to look into this again with Bill Bundy.

Appraisal of current Soviet space operations and outlook was requested by DCI before 10 a.m. this morning.
